Francis Adams, sworn, deposed. I was living with Mr. Rice in the year 1829. Hall was then at work in Rice's house, and saw Mr. Rice gave Hall the land; he said the land was of no use to him as he had not received any benefit from it since the death of Samchamecha I, he said, there Charles go and live on the land I give it to you, and if I want to plant any trees on it, I suppose you will not refuse me. Hall replied that he was well come to plant as much as he liked, as it was a large land. I do not know that Rice gave any writings at that time. In the year 1833. Mr. Peck came up from Oahu to make an arrangement with Hall, relative to entering into partnership in the Cultivation of Coffee, one evening I was in the house of Mr. Hall (I was living with Hall as cook for him and Rice) with Hall, Rice and Peck. Kahalehoki, sworn - is a Kamaina.
This piece was given to Ake, own father
to Kaapa, by Kepeulani mother of the
present King, and Kaapa inherited
it from his father. There were two ilis
given to Ake. One ili was near the
shore, - the other was about half way
from the shore to the woods.

First piece bounded thus: Makai,
Kouohiki, - on the Hilo Palikeu side, Ko-
nohiki, - on the mauka side, Kouohiki, -
on the Puna side, the stream forming
the boundary between this land and
Aleanai.

Second piece, bounded on the Makai side
by the Kouohiki, - on the Puna side by the
Kouohiki, - Mauka, by the Kouohiki, -
on the Hilo Palikeu side by the stream
separating this land from Puumoi.

The Kouohiki of Kalana appeared and
admitted the claim of Kaapa to the two
ilis Wulueu and Ulumala to be good,
but said he could not vouch for the
bounds.

Kanaina, sworn says. I am the Konohiki of Keaau an Ahupuaa of land in Puna, Hawaii, under the Chief Kanaina at Hono- lulu. I know the claim of Hewahewa in that land. It is a good claim. He received it from Kanuha in the year 1842, paha and Kanuha received it from Kekauluohi. It is not disputed. The survey of Mr. Pelham as near as I can judge is correct. I have seen the bounds as surveyed, and it is clear to me that they are right. I was not on the ground when it was surveyed, but the bounds were pointed out to me.

Baenaba, sworn says. I know the claim of Hewahewa in Puna - it is in the same land with my claim. My knowledge is the same as that of Kanaina and I confirm his testimony. I am a Kamaaina on that land.

Dear Sir

I have the honor to acknowledge the receipt of your letter of the 27th inst. in relation to the purchase of the land in question. I have the pleasure to inform you that the same has been purchased for the sum of \$1000.00 and the title is now in your hands. I have also the pleasure to inform you that the same has been purchased for the sum of \$1000.00 and the title is now in your hands. Kanaina, sworn says. I am the Kono'hiki of Keaau, Puna, Hawaii, and know this claim. It is oiaio. He received it from his aunt Kawaikine in 1830, and has held it without dispute ever since. It has always been with his ancestors. The survey I should say was correct. There is an orange tree on it belonging to Barenaba. The lord of Keaau is Kanaina the Chief at Honolulu.

Puaa, sworn says. I am a Kamaaina of Hilo, and live on Punaheawai adjoining Keekou. I know the claim of Kanaina in Keekou. He received it from Kanuha, before Capt Wilkes came here, before 1840 - and he has held it in peace ever since.

It is bounded Makai by the sea Beach, Puna side by the stream called Waialama, Mauka by the fish Pond called "Iaina", - on the Hilo Palike side by the land of Kauhema. George Davis Allen is the lord of the land.

Moos, sworn says. I am a Kamaaina on Keekou and know this claim. Kanaina received it from Kanuha, and he had it a long time before Capt Wilkes arrived here. He has possessed it without

The first thing I noticed when I stepped
 out of the train was the cold. It was
 a sharp contrast to the warmth of the
 South. The air was crisp and clear,
 and the mountains in the distance
 looked like giants standing guard.
 I had heard that the mountains were
 beautiful, but I didn't realize they
 would be so majestic. The snow was
 still on the ground, and the trees
 were bare, their branches reaching
 towards the sky. It was a beautiful
 sight, and I felt like I had entered
 a new world. The people here were
 friendly and welcoming, and I
 felt like I had found a home.
 The mountains were a constant presence,
 their peaks reaching towards the sky.
 They were a reminder of the beauty
 of the world, and of the power of
 nature. I had found a place where
 I could be myself, and where I
 could enjoy the beauty of the world.

History of the Republic of the United States
of America

Chapter I
The Discovery of America

The first discovery of America was made by Christopher Columbus in 1492. He sailed across the Atlantic Ocean from Europe and reached the island of San Salvador in the Bahamas. This event marked the beginning of European exploration and colonization of the Americas.

The discovery of America led to a period of intense exploration and settlement. European powers vied for control of the continent, leading to the establishment of colonies and the eventual formation of the United States of America.

Testimony in reference to the Kulewaa of Kaapa
 on Tuleo.

Lo. Mr. Getman & Kimihiki on Peter Sworn, says,
 Kaapa & his wife have had the rightful possession
 & ownership of the kulewaa this day measured by
 F. S. Lyman in his presence from the decease of
 her parents, who had held it for a long course
 of years, from their ancestors down. In the year
 1848 he understood that it had been applied for
 to the Land Commission either by Kaapa or by
 some person in his behalf, perhaps by Kimi.

He believes it was applied for though
 he never saw the application; is sure that
 the right is in Kaapa & his wife, & that
 their right has never been disputed by any
 person.

Kaiaoumoku, Waikuaala, & Mele, being
 Sworn stated severally that they never well

acquainted with this Kuleana, & that to the best of their knowledge & belief, the testimony of Lo is correct, though they were not present, as was Lo, to see the survey made.

Mr. Robertson
Dear Sir

The preceding is the amount of the testimony in the case; Multitudes were ready to testify to the same thing, & there were none to offer counter testimony. There seems to be an impression that Kaapa & Kimo his dependent made out the application, but in whose name they know not. Kimo is supposed to have fallen a victim to the small-pox at Oahu.

No 11298. John Komore. Hilo October 21. 1854.

To the Honorable Board of Commissioners
for Quietting Land Titles.

Gentlemen

The humble petition of John Komore shuweth, that in the month of August A.D. 1854. Kalepolepo arrived from Pahia, having an adjudicated claim to the Land of Punahoa 2, and to my surprise told me I have no claim to the house lot I now occupy, for that my claim had not been entered during the time allowed by law, ~~he~~ threatened me with an ejectment unless I pay him an heavy yearly rent which is beyond my means.

Your petitioner therefore prayeth that he may be permitted to lay before your honorable Board the Evidence as taken before John Pelham Esqrs who is connected with your honorable Board, as also to present to you the reason why and how my claim came not to be heard and forwarded to your Board with the other land claims. The late Governor Liliuohoku, ordered me to leave an house lot I then occupied on Pihonua, telling me to chose another place in exchange; I first thought of Building on the Beach on Punahoa 2. but finally went to Waikua to know with certainty from the Governor Liliuohoku, where I should chose another house lot and whether I should receive indemnity for the Buildings and other improvement I had on Pihonua the Governor Liliuohoku told me to chose any spot on Punahoa 2. the which he would cause to be enclosed by a Sea fence and give it to me both both in exchange and compensation,

141
94.
and that I must consider it as such, he then gave me
a letter to Mr. Pitman and Kaiwi, ^{the} Unamouhau, with direc-
tions to them pursuant to which, they put me in possession
of the house lot I occupy present on Punahoa 2.

Further down at the time that J. Kaauwai Esq
was here at His to received claims, I went to John Pelham
Esq: one of the Commissioners and laid my claim to this
house lot before him, also as John Pelham Esq: was well
acquainted with the circumstances under which I obtained
this house lot I inquired of him if any thing further was
needed; and I understood from his answer that I had
done all that was required, very shortly after I went to
California leaving Mr. Pitman as my agent but it appear
that he neglected doing any thing towards perfecting my
claim, when I returned here the time allowed by the law
to present claims, had expired, but were had it not. I
should have allowed it to elapse firmly believing that
I had presented my claim to John Pelham Esq:.

Therefore your petitioner humbly prayeth that
his house lot may be awarded to him as set fort in
the accompanying survey made by John Pelham Esq:
and that your Honorable Board will grant this
his petition is the prayer of

Hilo Hawaii 21st October 1854.

To the Board of Land Commission
for quieting Land Titles

Gentlemen

John Nore having
 employed Mr John Lippitt to lay before your Board his
 case relative to his heuama, and Mr Lippitt having
 notified him that it would be necessary ~~for~~ ^{for} him to
 lay before you the proofs connected with his heuama; he
 applied to me to take the deposition of his witness which
 I have done and which I shurely enclose; I have taken the
 liberty of acting in this case without any express orders
 from your board to do so on account of the shortness of
 time yet remaining in which action can be taken on any
 case. I will also observe that as I was myself residing
 at Kaipalawa at the time the circumstances transpired
 as given in the ~~for~~ depositions I can vouch for the accu-
 racy of the statements. I do also remember when the
 Commissioner J. Kavaawai Esquire first came to Hilo
 to take testimony on Land Claims John Nore came
 to Mr Pitmans office one morning while I was busy
 writing, wishing to know if I would give testimony in
 his claim, I told yes, at tobe at the court house at
 10 O'clock, he continued to trouble me with questions;
 I told him in answer I knew all about, it would be
 all right, but to go way now as I was very busy from
 which it appears he supposed there was no occasion
 to do any thing more in the matter. I was too much
 engaged myself to think any more of it, and thus I
 presume through his ignorance nothing had been
 done in the case.

I have the honor to be Gentlemen

Deposition taken on the claim of John ~~Pelham~~^{Nomore} to his
Kuleana situated on the land of Punalua 2nd Mile Hawaii
by John Pelham 21st Oct. 1854

vs John Nomore.

Kahalahan sworn deposed, he knows the Kuleana
of John Nomore to be situated on Punalua 2nd along
time ago when I lived on Pūhōnua on the beach with
my grand mother Namaha, who was Kūhūhū, John No-
more lived there to, Namaha gave him leave to build
his house there are close to our house; In the year 1843
Lelieohoku the Governor came to Hilo, and ordered all
of us who lived there on the Beach at Pūhōnua to remove
from there as all that place was reserved for the King
and nobody was to live there, he told John Nomore to
go and find another place and he would give it him
he went and lived in a house on the beach at Punalua
where the chinaman lives on the Kuleana which is
now Apiki's, but he was afraid of the eruption of the
sea, he went to Lelieohoku at Hailua to get a better
place. When he returned; I saw Kairi the Lunaukahu
give him this place, and saw him build a tea fence
round it he said he did so by the Governor orders who
had written to him and Mr Pitman to give him that
place this was I think in 1844 afterward when the
Governor came to Hilo, I heard the Governor Lelieohoku
tell to Kairi, that was a good place and that he
gave to John Nomore.

Kahalaha sworn deposed that he and John Nomore

land on the beach at Piihonua, at the time Leleiohoku came, and ordered us all to remove from that place as it was to be reserved for the King. I know he told John to get another place and he would give it him instead of the old one, and then John went and lived on Punahoa and Kairi the Lunamahua will give him the place where she now lives, and enclosed it with a Sea fence. I know John went to Strom to see the Governor, and when he came back, he told the Governor had given him a letter to Mr. Pittman and Kairi to give him this place.

Kuwahewani sworn deposed when Governor Leleiohoku came from Kailua he stopped at my house at Loupihahoe and I came with him in my canoe to Pilo, at the time Lord George Paulet was at Pilo, John Nomore was living on the beach at Piuhonua; the Governor said to me all those people who are living there must go away as the King wants all that place for himself I was with the Governor when he told John Nomore he must go away and take down his houses, as the King wanted to keep all that place to himself and told him to look out for a place on Punahoa, and when he had chosen a place to tell him and he would give it him in the stead of this place on Piuhonua he also told Kairi the Lunamahua who was there at the time that when John Nomore had selected his place to build a Sea fence round it. I know that Kairi did enclose the house let now occupied by John Nomore - because the Governor. I did myself

and others coming up from Kairi's house he shewed it to the Governor, and told that was John Somers's place which he had given him and enclosed and the Governor said it was good it was the next time the Governor come to Hills after he told John Somers to leave Pihonua.
